Travel Quarantine Updates

Staff/Essential caregivers who travel are strongly recommended to quarantine. This recommendation does not apply to people who must cross state or country borders for work, study, medical care, or personal safety and security. People who travel should be tested 1-3 days prior to travel and 3-5 days post-travel and practice careful preventive measures during travel. This does not apply to individuals who have had a PCR confirmed COVID-19 case in the last 90 days.

Fully Vaccinated Individuals

Get tested for COVID-19 1-3 days prior to travel. Practice careful preventive measures during travel. Get tested for COVID-19 3-5 days post-travel. Upon return, quarantine from work and the community for 7 days if a post-travel test was negative. Fully vaccinated individuals who are not tested post-travel should quarantine from work and the community for 14 days.

Unvaccinated Individuals

Self-quarantine for 14 days after arrival by limiting their interactions to their immediate household.

Coronavirus Vaccination Clinic

We are very happy to announce that Tuesday, March 30th is the date for our fourth and final COVID-19 vaccination clinic for our LB Homes Staff, Residents and Designated Essential Caregivers! We are being told that once 70% of the general population has been vaccinated, the need for masks and testing may decrease. It will be in the Light and Life Auditorium from 9 am to 5 pm. Please park in the Light and Life Parking off Alcott Avenue and enter through Door I. **You will be called prior to the vaccination clinic to schedule an appointment or decline the vaccine. Please remember to get a COVID test on Monday March 29th if you plan on receiving the vaccine.** You will also need to bring your insurance card and wear a short-sleeved shirt for the vaccine.

CORONAVIRUS TESTING

This is to remind you of COVID -19 testing **for all Broen employees and Broen Essential Caregivers on Monday, March 29th from 6:30 am- 9 am at the Eisenhower building (805 East Channing, Fergus Falls) All Assisted Living Staff and Essential Caregiver will test on Thursday April 1st from 7am-10am at the Woodland Lodge Building. Right now, we are testing in an outbreak format which means indoor visitation is on hold.** This means that we will be testing all staff and all residents on a weekly basis, until we have had no further positive tests for 14 consecutive days. We will be sending out an informational letter regarding visitation once we are able to reopen to more visitors. Please call Sam Finch, 998-7396 or Dawn Bratlien at 998-7313 with any question of concerns. **Testing remains mandatory for employees.** Essential caregivers are strongly encouraged to continue testing with us however this is no longer required to be able to visit.

Essential Caregiver Visit Scheduling

Essential Caregiver visits must be scheduled via phone or e-mail with Aaron Hanson Monday through Friday 8am-4pm. All messages left regarding scheduling of visitation out of regular office hours will be returned by the following business day.

**LB Homes Cumulative COVID-19 Operations Report
3/13/2020 – 3/23/2021**

Entity	Number of residents or clients tested	Number of residents or clients confirmed positive	Number of employees tested	Number of employees confirmed positive	Number of COVID-19 related deaths
