Home Health Care

LB Home Care assists individuals who want to remain living independently and safely at home. Taking advantage of our home health care services can help reduce medical costs with quicker recovery time after hospitalization.

- We are a Medicare Certified Home Care Agency.
- Our interdisciplinary team consists of medical social workers, nurses, therapists, and home health aides.
- We offer physical, occupational and speech therapy to improve and restore skills that were lost or diminished due to illness or accident.
- Remote Patient Monitoring available through LB Connect.
