Weekly Newsletter

Silver Linings

We are continuing to test weekly! We have not had a case at LB Broen Home for 116 days! Our county positivity rate for the week of 7/4 through 7/10 was 1.40%!! This data is the percent of positive tests by county of residence in Minnesota by week of specimen collection. This means our care sites remain open for general visitors. We ask that you limit to 2 visitors in the room to maintain social distancing.

Visitation – What to know?

A friendly reminder regarding visitation at LB Homes Care sites as we continue to work together to prevent the spread of COVID-19 within our settings. When visiting your loved one please limit your visit to 2 people at a time, screen in thoroughly, and wear a surgical face mask while being escorted to and from the resident's room. The visitor may remove their mask in the resident's room if they have been instructed that they may base on vaccination status. Visitors are still limited to visiting only within the resident's room, outside, or in an appropriate designated area to minimize potential contact with other residents. If you would like to visit other residents, please do so on different days. Visitors are welcome to attend activities with their loved ones however social distancing must be maintained from other residents and a surgical mask must be worn at all times. **Thank you for your continued support** and diligence as we navigate these guidelines provided by the Minnesota Department of Health.

CORONAVIRUS TESTING:

Staff and residents who are fully vaccinated, no longer need to participate in testing, unless symptomatic, have a high-risk exposure, or the facility is in outbreak testing. Fully vaccinated individuals can continue to test still test if they would like to, but it will be optional during routine testing.

Essential caregivers are strongly encouraged to continue testing with us however this is no longer required to be able to visit.
